TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down pains, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

**Dairy-
ing
Pays**

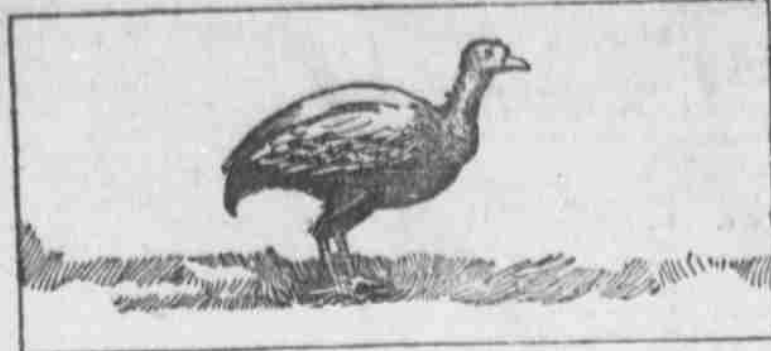

If you are getting all the butter-fat out of the milk and are receiving the highest market price for your dairy products, you are making money. But, if you are handling your milk in the old-fashioned way, you are not getting the highest market price. There is a better way to handle milk and cream, and it is the Bluebell cream separator. By its use you can practically all the butter-fat and can do it while the milk is warm.

The Bluebell cream separator gets practically all the butter-fat, and produces sweet, clean cream, which there is no trouble to make the finest butter, if the cream is sold it will demand the highest price.

If you want to make your dairy pay, get a Bluebell separator. It is easy to crank, easy to fill, easy to clean, and does the work thoroughly.

A Woman's Great Idea

Is how to make herself attractive. But, without health it is hard for her to be lovely in face, form or temper. A weak sickly woman will be nervous and irritable. Constipation and kidney troubles show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them 50c. At all druggists.

Can you afford to wear your shirt out and your clothes too for a trifle? Let "Washclean" do the work while you wait, or go about your other domestic affairs. It's as harmless as water and a proven success. See James.

We would like to hear from our correspondents a little more regularly.
